

PRABHU KUMAR ATHKURI

Civil Engineer

📞 6302625330 @ Prabhu18154@gmail.com 🔗 LinkedIn/Portfolio 📍 Chennai, 504201

SUMMARY

Dedicated Civil Engineer with experience in building construction and infrastructure projects. Strong understanding of structural analysis, site supervision, and material estimation. Seeking an opportunity in the national highway project to apply engineering expertise and contribute to large-scale infrastructure development.

EXPERIENCE

Civil Engineer

Guptha infraventures and constructions private limited

📅 04/2024 - 01/2025 📍 NTPC ramagundam, 505215

Guptha Infra is a construction company specializing in buildings, roads, and infrastructure projects. It was involved in the Telangana Super Thermal Power Project at NTPC Ramagundam, where it constructed a residential complex for employees. The company ensured high-quality execution, safety standards, and timely project completion.

- Played a key role in the successful construction of residential complex at NTPC ramagundam, improving housing infrastructure for employees.
- Ensured 100% adherence to safety and quality standards in all construction activities.
- Effectively managed site supervision and contractor co-ordination leading to on time project delivery.

EDUCATION

Bachelor of Technology in civil engineering,

JNTU Hyderabad

📅 07/2018 - 06/2022

KEY ACHIEVEMENTS

Construction of multi-storey residential building

Supervised site, managed materials, ensured quality, coordinated workforce, maintained safety.

Project on soil reinforcement

Supervised site, analyzed soil, ensured stability, managed materials, maintained safety.
